

For everything health and safety you only need one provider - C&G Services Auto~Safe from just £54 per month including full documentation

Vehicle repair safety statistics;

Last year 7 people died, 465 people suffered major injuries, such as amputations and serious burns, and 1,495 people needed to take over 3 days off work due to injuries suffered at work.

Accident example;

A worker was welding the seam of a petrol tank. The tank had been emptied but not gas purged and the ensuing fire resulted in third degree burns

Accident example;

A 17 year old apprentice was clearing the gutters on the workshop roof when he fell through a fragile roof-light onto the concrete floor 5m below. He fractured his pelvis in three places.

Customer Support

C&G Services have been helping customers from all market sectors for over 30 years. Our success has been built on a simple philosophy - you manage your business while we manage your safety needs. You can ask us any question and also qualify for discounts on essential training and consultancy assistance.

The most noticeable benefit at first is an incredibly low cost. Keeping up to date, attending training courses and building qualifications, writing and reviewing risk assessments and so on takes a great deal of time, energy and money. Our consultants are experts in their field and are always available to help and advise you.

What do our members receive?

- A Full health and Safety Policy Document
- A focused Health and Safety Requirements and Regulations Summary (common health and safety requirements presented in simple, useful sections)
- Updates on new and changing regulations and advice on what you must do
- Reminders of what the most risky areas of the business are and how to manage them
- Help and assistance in reducing the risk of legal actions from staff or clients who suffer injury at your premises
- Accident Reporting forms, Witness Statements and Accident records to build your defence
- Assistance with safety questionnaires from insurers, clients, and others
- Explanation of common misconceptions and misinterpretations of safety regulation
- Advice on best practice within the industry and guidance on key enforcement issues
- Explanation of technical and scientific information relating to safety issues
- Liaison with Enforcing Authorities and Insuring agents on your behalf
- Free accident investigation*

To help us support you we invest in a specialist resource of over 300,000 pages of fully searchable electronically held guidance and regulatory interpretation - updated 6 times each year.

Call us to arrange a free talk or meeting and see how C&G Services Autosafe can benefit you. We'll manage your safety leaving you to manage your business.
